Contract For Service Participation Approval Form Gateway Technical College Nursing Assistant

Gateway's Nursing Assistant Course requires program acceptance to the Nursing Assistant program, requiring an application (app fee available), placement testing (\$15), and background check (\$52) prior to the first day of class. Students participating in clinicals are required to order a Medical Document Manager (\$33). Each clinical placement has site specific requirements which may include COVID-19 vaccination requirements. These requirements are subject to change with little or no notice. Students must also complete an online registration form to enroll in the Contract For Service Nursing Assistant section. After successfully completing the course, students have the opportunity to take the State of Wisconsin's licensure exam to become a Certified Nursing Assistant (CNA). Please note, there is a \$125 fee for exam. An average of 78% or better is required on all coursework in order to pass the classroom part of the course. Attendance is very important in this class. There are federal requirements of attendance. Too many hours missed could result in an incomplete or a failure of the course.
